*Beautiful Sofas, 30% CHEAPER than the high street, NO VAT increase, a 10% SALE and NOW in PARSONS GREEN ...too good to be true?*

## ARE YOU SITTING COMFORTABLY?

DELICIOUS DESIGN

When leading furniture retailer Andy Cussins built up his Sofa Workshop chain in the 80s and 90s, selling more than 750,000 sofas in the process, he completely shook up the UK retail furniture industry.

And now, he's doing it all again with Sofas & Stuff, pioneering a unique approach that delivers classic furniture - with a modern twist. Fabulous quality combined with fantastic designs, yet around 30% cheaper than the high street, you can experience Andy's vision first hand as we've opened a new showroom right in this locality - at Parsons Green, to be precise. Conveniently, it's really close to the tube station.

Consider us as one of your friendliest neighbours:

you're welcome to pop in for a coffee and a chat anytime. There may even be a packet of custard creams or bourbons on hand some days.

When you're here, we're especially expert on talking about sofa-related stuff, obviously. But we're happy to chat about other things too - although probably not Latvian country dancing or the use in the electroplating industry of low voltage high current electricity. We've not much experience of that at all.

While you're here, we're sure you'll be bowled over by our fantastic range of stylish, quality sofas and chairs. You'll see how super sturdy and impossibly comfortable they all are, but also no doubt you will very soon come to appreciate that Sofas & Stuff delivers all the benefits of individual customisation - offering a huge choice of design and fabric options - whilst satisfying the vital demands of high quality.

The pricing is so keen that it brings our accountants out in a cold sweat. We remind them that we don't have the excessive costs of high street retail space or massive advertising campaigns, letting word of mouth about our phenomenally popular new venture do much of the selling.

**Delivered to your home in around 30 days, and a money back guarantee\*, if you're not comfy!**

**EFFORTLESS ORDERING** in around 30 days (rather than the snail-like industry standard of up to 12 weeks) as well as a no-quibble money-back guarantee\*. If you are not 100% satisfied with your sofa or chair, we'll take it back, at absolutely no cost to you. We won't even cry. *\*see website for terms and conditions*

## 25 YEARS OF SOFA DESIGN EXPERIENCE

**GREAT DESIGN IS** paramount at Sofas & Stuff. Whether we're tweaking the wings of a chair, perhaps making them larger than normal, or making the arms smaller, or appropriating a leg design from the 50s, the stunning result is an updated classic, a prize piece of furniture that is both unique and highly distinctive.

## PRACTICAL AND COMFORTABLE

**THERE'S LITTLE WORSE** than having the kids using the sofa as a colouring book or a visitor tipping a generous glass of Merlot over it. Thankfully, most of our covers are removable and washable. Springs are high quality, and the filling used is Duratech (which has a Gold Star award from the Furniture Industry Research Association). No wonder that all our sofas and chairs are backed up by a five-year construction guarantee.

## FABRIC BY THE METRE

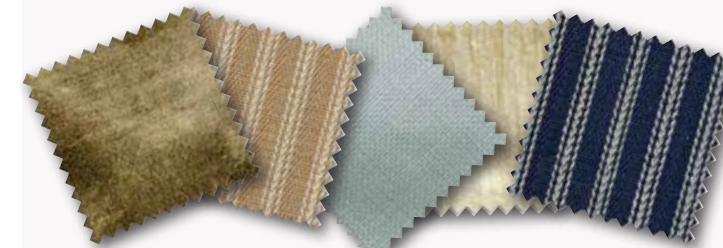

**LOVE THE SOFA. ADORE THE FABRIC?** So buy it by the metre. They're perfect to turn into matching curtains or cushion covers, as well as for covering sofas. Visit our website for more information.

## 5 YEAR CONSTRUCTION GUARANTEE ★★★★★

**ALL OUR SOFAS** carry a five year construction guarantee, which covers the feet and frame, springs, webbing, and sofa bed mechanisms. Everything you can't see, except the seat cushion fillings. But don't worry about them. They'll retain their shape and comfort for years.

## FABULOUS FABRICS

**ONE WAY THAT WE'RE** refreshing and redefining classic sofa and chair design is by combining well established styles with attractive fabrics, including linen and wool. Stripes, plaids, florals, velvets... you name it, there's a book for it. Swatches can also be sent to you if you make a selection online.

If you chucked out your chintz in the 80's and regret it, there is an extensive range of luxury fabrics in our showrooms to browse through.

Then combine your fabric choice with the wide range of design shapes and sizes, both classic styles and the more modern.

WHAT'S NEW

## WOOL

the natural choice

**MANY THINGS** are deemed unsuitable for covering sofas: fine gravel, strawberry jelly and rusty old nails to name but three. Wool, however, is perfect. Natural, sustainable, classic, timeless, and robust enough to cope with very hard wear, it is inherently fire retardant, and doesn't have to be double-upholstered, which saves on materials and costs. It is warm in winter and cool in summer.

We support Prince Charles' international five-year Campaign for Wool. It supports rural economies and provides a very wide range of options for fabric design. Our designers love working with wool - it's authentic, elegant and exceedingly good value.
